Read the **item 1. A compass** info on the App.

Maybe your group has just started, maybe you haven't started yet.

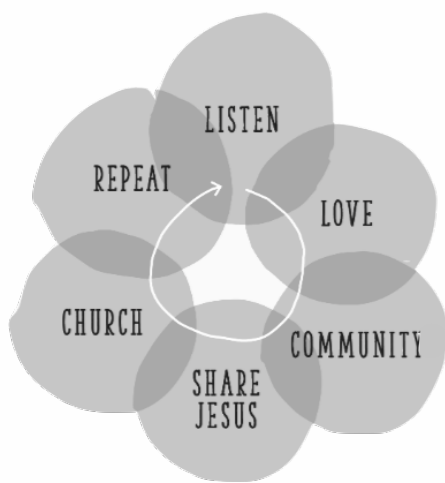

If your group has already started where do you think the group are you on the compass? Indicate with a cross.

Whether you've started a group or not, circle the things you feel comfortable about, put a square around those you're not so sure about - it doesn't matter if you put a square around them all!

Do some research or ask someone about those things you are not sure about.
