This workshop will help you to discover what you have in your store cupboard so you can get out in the wild and make great connections.

How do I grow and lead out of who I am? A reflective and Interactive session where we'll explore practices to connect with our deeper knowing, our sense of self, and what enables us to stay sustainable in ministry.

Speed incubator - taking you through a series of steps to help you identify a community you are reaching out to and possible project or idea that could work for them.
