

Digital Sunday Prayers

World Wide Web

Our Father, who desires friendship with the World your word created

Dear Son, who opened Wide your arms on the cross so that all might know love's embrace,

Holy Spirit, who weaves our hearts into your Web to reassure us of our place in God's family,

Help us so to use the gift of the World Wide Web that all may come to experience

The love of the Father, the grace of the Son, and the fellowship of the Holy Spirit.

Amen

(Kath Dodd)

Let us be your presence

Loving God, who came in-person into the world you created,

Send to your Church your Spirit of truth and integrity, love and power

That we may ever be your presence in your world.

Amen

Christ of the Word

Christ of the embodied Word—
may we recall the power of a smile,
the rich subtlety of presence,
as our words fly on the air.

Christ of the timely Word—
may we pause before we send,
that our words be well chosen
and worthy of an amen.

Christ of the truthful Word—
may we seek never to mislead,
never to be that which we are not,
that our words not cause a blush.

Christ of the eternal Word—
may we remember that time is long
for some who have been hurt.
May our words be balm.

Christ of the life-giving Word—
may we seek the other's good,
be flavoursome salt, a beacon of light,
your breath in the world at our fingers.
